Bypass your vehicles own battery with a dedicated LiFePO4 battery

BLUETOOTH ON B-130X

Providing direct and immediate dash camera data*

LITHIUM-IRON POWER

Ensuring reliability for extended Parking Mode

Enjoy parking mode for extended periods of time.

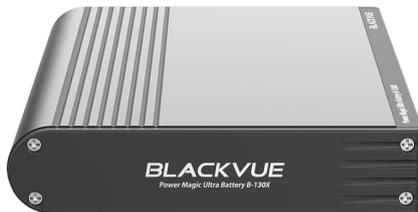

BLACKVUE BATTERY PACKS

Explore the benefits of using Parking Mode in your car with your BlackVue Dash Camera. Parking mode is enabled by hard wiring your dash camera into your car, giving it power once your car is switched off. You can extend Parking Mode battery life and enhance security by adding a dedicated BlackVue backup battery.
