With 4G LTE, just bring
your own data sim

REAL TIME ALERTS

Receive live notifications
via the BlackVue App

LIVE VIEW

Log in and remotely view
your camera feed

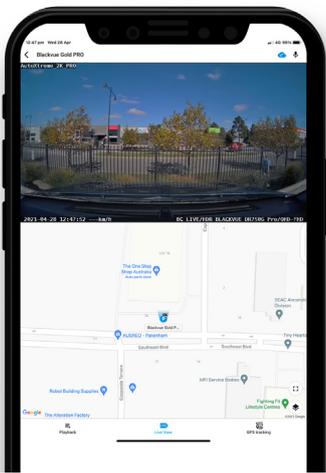

Connect to your dash camera from any location.

BLACKVUE CLOUD MODULE

State of the art dash camera technology meets the cloud, simply BYO compatible Nano SIM Card and experience live viewing, notifications and added storage.

PRODUCT FEATURES

- Connect to your dash camera from anywhere, anytime, whilst in normal mode or parking mode, and be alerted whenever events occur (accident, disconnection of dash camera from the Cloud)*.
- Remotely monitor your car in real time via the BlackVue App live view to check remotely what is happening around your car†.
- You can now receive alerts via live push notifications on your phone when events occur. This works well with BlackVue's Parking Mode, which notifies you of any impact or motion detections whilst you are away from your vehicle‡.
- With auto-event backup saved to the cloud, you can now access your videos whilst away from the vehicle.
- Create your own free BlackVue Cloud account! With 10 minutes of Live View per day, 100 remote downloads/playback per month and 5GB of free cloud storage. See the website for more details.
- 3 year back-to-base warranty§.

RECOMMENDED ACCESSORIES FOR EXTENDED PARKING MODE

Optional: BlackVue B-112 Battery Pack
Enjoy extended parking mode function with a simple battery pack that reduces the need to use your vehicle's battery.

Optional: BlackVue B-130X Battery Pack
Fast charging and long-lasting. Compatible with the free BlackVue battery manager App.
